

MINISPLIT : CASSETTE SPECIFICATIONS

MODELS		Indoor Unit	MKC-MKH					
			25	35		45		55
		Outdoor Unit	MOC-MOH					
			25	35		45		55
Capacities	Cooling	Btu/h	24,000	32,000		42,000		52,000
		kW	7.0	9.4		12.3		15.2
		kcal/h	6,060	8,080		10,606		13,131
	Heating	Btu/h	25,600	32,500		42,800		52,800
		kW	7.5	9.5		12.5		15.5
		kcal/h	6,465	8,207		10,808		13,333
Compressor		Type	Reciprocating					
Refrigerant			R-22					
Power Supply		V/Ph/Hz	220-240/1/50 or 380-415/3/50					
		Ph	1	3	1	3	3	3
Power Consumption		kW	2.8	2.7	3.4	3.3	4.77	5.6
Running Current		A	13.0	5.4	16.4	6.8	8.9	11.2
Indoor Air Flow		m³/h	1,260		1,260		1,800	2,100
Noise Level	Indoor	dBA	39/42/44		39/42/44		39/42/44	42/44/48
	Outdoor		57		58		60	63
System Operation Control			Wired or Wireless Control with LCD Display					
Dimensions	Indoor/Outdoor	H (mm)	290/696		290/900		340/1,142	340/1,142
		W (mm)	710/850		710/850		810/850	810/1,060
		D (mm)	710/287		710/285		810/285	810/345
Net Weight	Indoor	kgs	36		36		42	44
	Outdoor		68		85		90	109
Piping	Connection Type		Flare and Nuts					
	Size	Suction	5/8"		5/8"		3/4"	3/4"
		Liquid	3/8"		3/8"		3/8"	3/8"
The Nominal Cooling Capacity is based on : - Indoor Air Temp. 27°C DB / 19°C WB - Outdoor Air Temp. 35°C DB Piping length : 5m			The Nominal Heating Capacity is based on : - Indoor Air Temp. 21°C DB - Outdoor Air Temp. 7°C DB/6°C WB Piping length : 5m					

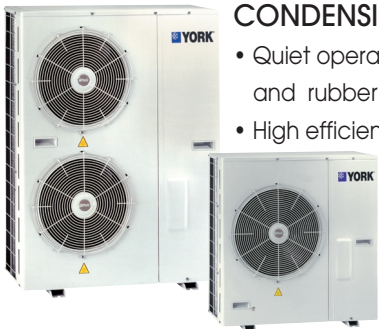

- PRODUCT:**
- Four way air flow system
 - Quiet Turbo fan
 - Easily detachable grill for cleaning
 - Air filter

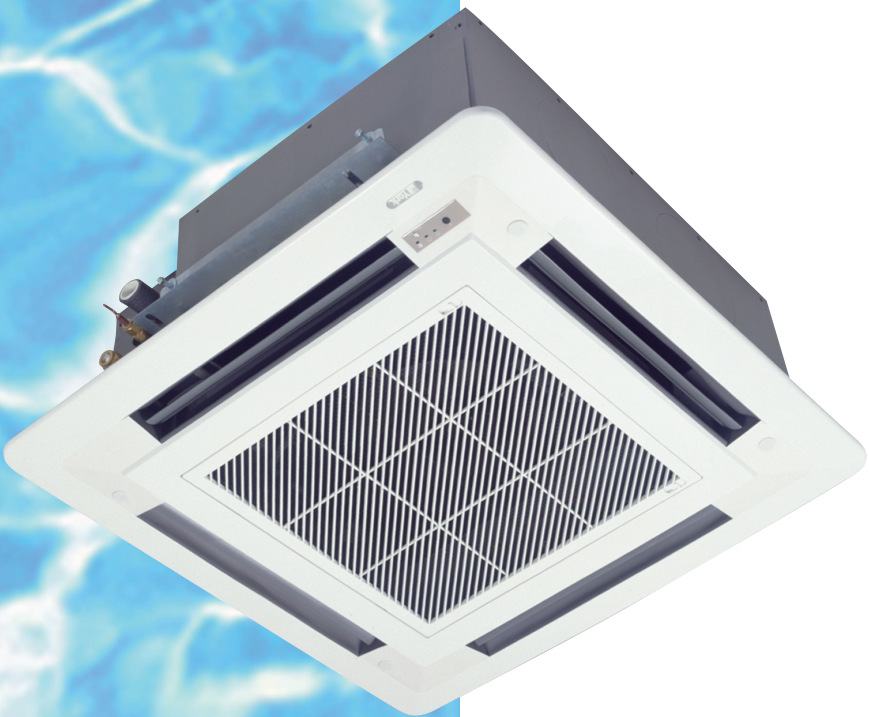

- CONTROL:**
- Wired or wireless versions available
 - 5 Operation modes (Cool/Heat/Auto/Dry/Fan)
 - Sleep mode and independent on - off Timers
 - 3 speed fan control
 - Room temperature setting
 - Filter cleaning indicator
 - LCD display with clock
 - Auto restart memory
 - Diagnostic function with LED indicators

CONDENSING UNITS:

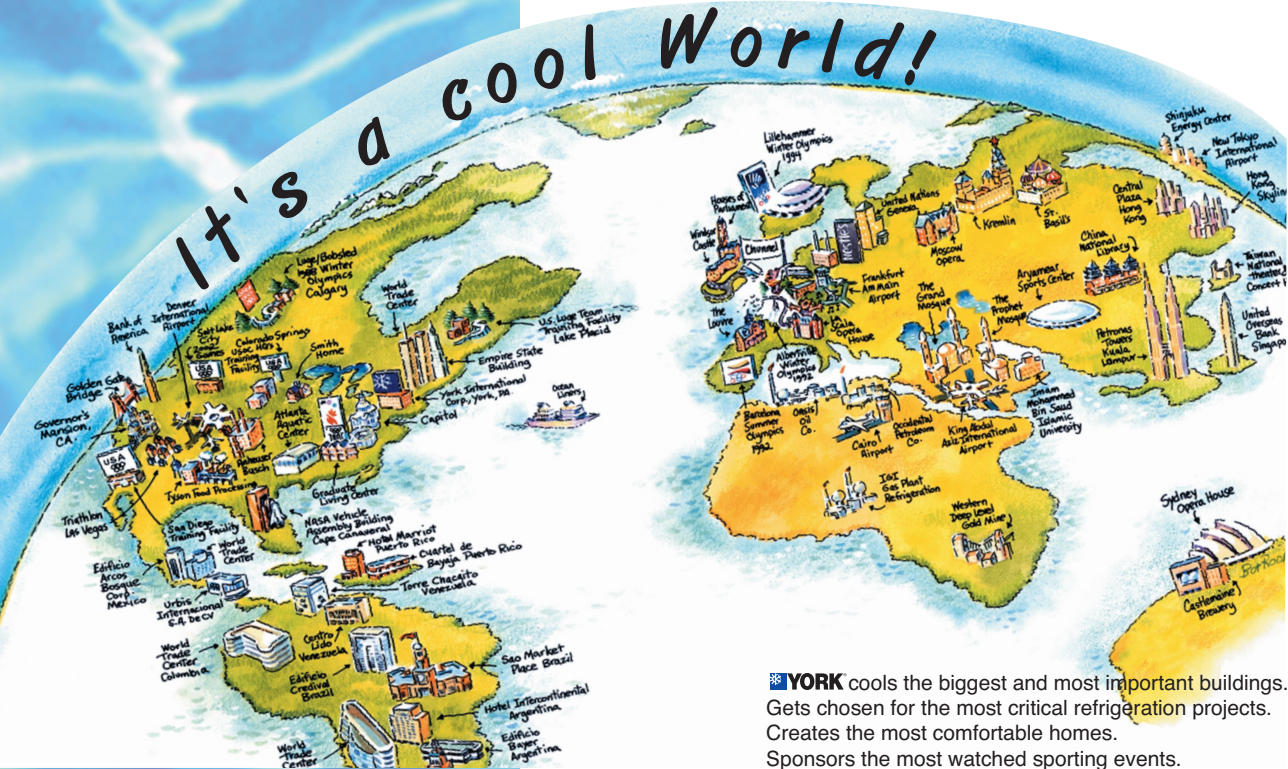

- Quiet operation with sound insulating blanket and rubber mounting on compressor
- High efficiency compressor
- Built-in drain pipe connector for condensate (heat pump only)

Ceiling Cassette
Split System Air Conditioners

CERTIFIED
ISO 9002

YORK cools the biggest and most important buildings. Gets chosen for the most critical refrigeration projects. Creates the most comfortable homes. Sponsors the most watched sporting events.
